Maintaining a family tradition of quality and service to the Christian community, today New Leaf Publishing Group engages a global audience of Christians from our 50,000 square foot facility located in the beautiful Ozark Mountains of Northwest Arkansas. Our company was founded with the New Leaf Press imprint in 1975 by Cliff Dudley, who passed away in 1992 after working many years in the Christian publishing industry.

The Dudley family continues to play a leading role in company operations, with Cliff’s son Tim serving as President and daughter Lydia as CFO, as well as three grandchildren – Aubrey, Matt, Josh and his widow, Harriett, among the staff.

After 40 Years,
Continues to Celebrate

The beloved Maria von Trapp was one of the company’s first authors; she is shown here with Cliff Dudley during an awards ceremony and book signing event. New Leaf still carries her book, *Yesterday, Today, and Forever*.

The first catalog for New Leaf Press; the company would move to Northwest Arkansas a short time later.
We are so excited to continue on this journey for many more years to come and carry on the mission that was laid on my father’s heart; to bring the lost to Christ, and to bring balance to the body of Christ, through the power of the printed page,” Tim Dudley shared. “We are working hard to improve and expand our product lines for all ages, including our Christian education resources.”

Of the three company imprints, New Leaf Press titles focus on relevant issues of prophecy, Christian living, and gift/inspirational books such as the Moments series by Robert Strand, which has sold over 3,000,000 copies. In 1996, New Leaf Press acquired Master Books, now the world’s largest creation science publisher in the world. With an emphasis on children’s books, homeschool curriculum, and apologetics like bestselling author Ken Ham’s Answers Book series, which has sold over 500,000 copies, Master Book resources continue to engage a skeptical culture.

Blessed with increasing growth and opportunities in 2005, the company became New Leaf Publishing Group. And in 2008, the newest imprint, Attic Books, was launched. Attic Books offers reprinted, heirloom-quality classics that includes rare charts, biographies, and Christian heritage titles from the 19th Century and earlier. Over 100,000 copies of the incomparable Adams Chart have now been sold to a new generation to enjoy.

“Our mission and hope remains a simple but important one – ink on paper to touch eternity,” Dudley noted.

New Leaf Publishing Group is an evangelical, non-denominational publishing company.
Reveals the one and only possible meaning of Genesis and equips the reader to defend biblical creation!

There are many opinions on the Book of Genesis and subsequent interpretations. What does the Book of Genesis really mean and how can we defend the proper interpretation against those who disagree? Is there one correct interpretation of the Bible, or are there many? What did the author of Genesis intend and how can we possibly know, or is the important thing only what the Bible “means to you”? In this book we will definitely answer questions such as:

- How does one identify the various types of biblical literature, and how do the rules of interpretation handle each type — poetic, prophetic, historical, etc.?
- What are the necessary rules of biblical interpretation, and what is the proper role of science in understanding the Bible?
- What are the most common mistakes people make in trying to understand Genesis?

In this book, you will systematically discover the answers to the above questions and more, and you will see why alternative positions are rationally impossible. You will learn the rules of biblical interpretation that unlock our understanding of God’s Word. This book will guide you through a reasoned defense of the proper discernment of Genesis, and equip you to defend biblical creation against those who distort the Word of God.

About the Author:
Dr. Jason Lisle is a Christian astrophysicist who writes and speaks about science and the defense of the Christian faith. He earned his master’s degree and a PhD in astrophysics at the University of Colorado in Boulder. Dr. Lisle began working in full-time apologetics ministry, specializing in the defense of Genesis. His most well-known book, The Ultimate Proof of Creation, demonstrates that biblical creation is the only logical possibility for origins. Dr. Lisle currently works as Director of Research at the Institute for Creation Research.
Nursing is more than a job or career. It is a very special calling!

Have you ever wondered: “What are my gifts? What exactly is God calling me to do with my life?” Although the profession of nursing has the ability to provide a comfortable income, it’s more than salary. Money is a temporary earthly treasure. However, eternal rewards are reflected when a nurse aids in the alleviation of a patient’s pain, leads a dying patient in a prayer of salvation, assists in the welcoming of a new life into this world. As you read the book, find in-depth information about:

- The uniquely insightful Florence Nightingale and how she paved the way for current professional practices
- The physical, emotional, and spiritual sacrifice of nurses, and how a nurse can offer himself or herself in service to aid patients in vulnerable states of life
- The differences between a Licensed Practical Nurse (LPN), Associate Degree in Nursing (ADN), Bachelor of Science in Nursing (BSN), Master of Science in Nursing (MSN), and more!

Christ was the ultimate example of compassion, and without Him, it is difficult to continuously give of oneself without becoming fatigued and discouraged when faced with the life and death situations of modern healthcare. Without compassion and understanding, nursing is simply human beings completing tasks and checking things off of their “to do” lists. There are so many aspects to the purpose of a nurse. They are servants, leaders, helpers, educators, comforters, encouragers, prayer warriors, team players, and so much more!

About the Author:
Chelsia Harris, DNP, APRN, FNP-BC, is associate professor of nursing at College of the Ozarks in Point Lookout, Missouri. She has earned her Bachelor of Science in Nursing, her Master of Science in Nursing, and her Doctorate of Nursing. She has been a speaker at nursing conferences and published articles on various topics.
Go behind the lines of literature and into the hearts and minds of these writers who still influence the culture today!

Every Christian student should be familiar with the ideas and writings that have formed the modern world and subsequently undermined the Christian foundations in the West. We want our young people well versed and well equipped to engage the battle of worldviews before they graduate from high school or college.

It is extremely dangerous to accept the “great” thinkers and writers uncritically, whether it be Karl Marx, Ralph Waldo Emerson, or Nathaniel Hawthorne. That is why this curriculum is so desperately needed for Christian high school and college literature classes. The “great” thinkers and the liberal arts programs have influenced millions of young people to abandon the Christian faith over the centuries.

- Selected readings and summary of 15+ philosophers and authors of the modern world
- Prayers to equip the student in the war of ideas

This course presents a basic survey and a critical analysis of the philosophers, the literary masters, and the cultural influencers of the last three hundred years for the Christian student. In contrast with other literature courses, this text is filled with relevant biblical references and truths that will equip the student to address the false worldviews contained in the “great” humanist works of this era.

Understand the origins and beliefs of world religions in comparison to the biblical worldview!

This first volume of World Religions and Cults dives into religions that seem like they have similarities to Christianity, but then deviate from the teachings in the Bible. In many of these cases, these religions openly affirm that the Bible is true, but then something gets in their way. Each time, there is a common factor: man’s fallible opinions! This volume answers the following questions:

- How do these religions view the Bible, and how do we deal with them from a biblical authority perspective?
- Do these other religions believe in creation and a Creator?
- How do they view Christ, and how can a Christian witness to people in these religions?

This eye-opening first volume of three takes you on an exploration through some of these “counterfeit” religions like Mormonism, Islam, Deism, Jehovah’s Witnesses, Zoroastrianism, and many more. When you can spot where man’s arbitrary opinions are being elevated above God, you are in a position to know how to refute a particular religion. This biblical–authority–based world religions book is a must for laymen, church leaders, teachers, and students. When you understand a religion with its origins and teachings, you can be in a better position to know how to teach the gospel of Jesus Christ as you take this vital good news to all nations.

The final two DVDs in this remarkable series made to give honor and glory to God for His amazing creation!

These two 30-minute adventures help educate children, teens, and adults about how earth science actually supports the biblical record.

Join 15-year-old Noah Justice as he uncovers the secrets of:
- Arches National Park in eastern Utah, which has over 2,000 natural stone arches, as well as amazing stone pinnacles, fins, and more shaped by the Flood
- Natural Bridges National Monument in southeast Utah, where three natural stone bridges show the power of the receding waters of Noah’s day
- Mesa Verde, Spanish for green table, a national park in Colorado where the life of the Pueblo people is preserved
- The Chaco ruins in northwestern New Mexico, with its large collection of ancient ruins from pre-Columbian history.

The Awesome Science DVD series is a high-quality production developed by a family that homeschools and travels the country together. Kyle Justice, Noah Justice’s dad, has produced video that has appeared on networks including National Geographic, ESPN, and the Outdoor Channel. Noah is the field guide and host for all the episodes, exploring the globe to discover evidence of the accuracy of the Bible. The series can be used in any Christian education setting, including churches, schools, and homes.

A compelling poll by America’s Research Group reveals the contrasting views of 20- to 30-year olds and 30- to 40-year olds concerning Scripture, cultural issues, Christianity, and other questions, all discussed throughout this book.

A powerful conclusion to the best selling Already Gone which shares why 2/3rds of young people are leaving the church, and Already Compromised detailing the state of Christian colleges and seminaries!

The Church is in danger of losing future generations, but only if we fail to understand the problem and don’t engage them with the truth!

Having grown up in church, an alarming percentage of people have now traded in the timeless beliefs of Scripture for a more comfortable, postmodern faith or secular worldview. They have waded so deep into the culture that the current has swept them away with the pluralism of biblical compromise and secular indoctrination. Ready to Return explores:

- Why this is happening, and more importantly, what can be done about it to help bring back a godly generation
- New persuasive research that clearly reveals shocking details about views on the Church and faith by people in their 20s, known as millennials
- Conclusive evidence we cannot ignore, showing a lack of effective biblical apologetics in homes and churches, compromise with secular beliefs, secular education, and failures on the part of previous generations, contributes greatly to this dilemma.

Within these pages is more than just a clinical diagnosis of the Church’s current condition and how we got here. It’s a simple and powerful call to return to the Church’s fundamental mission to reach the world!

If we are to bring back this lost generation, we need a proven strategy and willingness to present truth, a biblical battle plan, and spiritual soldiers.

A thoroughly researched, definitive guide to dinosaurs for Christian readers!

This book fills a critical need for sound science about dinosaurs, from a biblical viewpoint, focusing on the five major dinosaur groups. Dinosaurs are in the news every day, in museums, and on “science” channels. Unfortunately, these portrayals always push an evolutionary agenda. This book counters those arguments with solid, accurate, and biblically based science. It is especially important for the Christian student about to embark for college. This book:

- Explains the latest findings in dinosaur biology, behavior, extinction, and more
- Covers the complete spectrum of dinosaur-related topics, from the earliest dinosaur discoveries to debate over why they went extinct
- Provides a visually stunning, dynamic exploration into the history of dinosaurs through the most current discoveries few have seen before!

Because of secular books and television shows, many Christians struggle to explain how dinosaurs fit in the biblical timeline. The word “dinosaur” is not found in the Bible, causing some well-meaning Christians to turn to secular science for an explanation, including more speculation than actual fact. Unfortunately, this misdirection has caused many people to lose faith in the Bible, especially the youth. This book will restore faith in the Word of God as it connects the Bible with science! Dinosaurs don't disprove the Bible; to the contrary, they are part of God's creative glory!

He has published many papers on various aspects of the Rocky Mountains and has authored two college laboratory books. He is a contributor to Guide to Dinosaurs.
Watch as American history comes to life in full color for your 3rd grade patriots!

In simple, entertaining story form, your student will be introduced to the leaders, the causes, and the challenges of the Revolutionary War. The adventures of statesmen, soldiers, sailors, spies, and Native American fighters illustrate how God worked both naturally and supernaturally to build a free nation out of 13 scattered English colonies. Students will:

- Meet 18 heroes of the War for Independence in this 34-week, Monday through Friday biographical study
- Be able to better remember what they learn through stories and pertinent Bible verses
- Learn from callouts with comments on the character traits of those spotlighted!

Follow Uncle Rick on this exciting journey through the days of America’s birth. Along the way, you will discover life-changing character lessons from the experiences of real American heroes and villains. Students will learn the providential acts of God that made it possible for colonial America to fight and win a war against Great Britain, the mightiest military power on earth. Get the truth from non-revisionist sources in this historical adventure that children will remember for years to come!

About the Author:
Rick and Marilyn Boyer are true pioneers of the home education movement. They began teaching the eldest of their 14 children at home in 1980 and are still actively homeschooling their 3 youngest children today. Their books have been translated into a number of foreign languages and have circulated around the world.
Provide your 4th grader a thorough understanding of the foundations of American independence and government!

Many committed their lives, fortunes, and sacred honor to build the foundations of freedom we have inherited. It is essential for students to understand this crucial period in our nation’s history so they can fulfill their duty today, understand how our government is structured, and help preserve our freedom for future generations. In this full-color book filled with illustrations and images, students will:

- Learn about the War of Independence through the Constitution in this chronological, 34-week daily study
- Explore the lives of those who dared to oppose the most powerful military on earth with the most powerful words and principles put to paper
- Discover in-depth character comments, explanations of providential occurrences, founder’s quotes, poetry from the time period, and more!

Now more than ever, it is essential for young Americans to grow up with an understanding of what freedom means, what it cost our forefathers to win their liberty, and the power and rights preserved for every American citizen. American history is so much more than lists of names, dates, and events. It is a colorful panorama of nonstop adventure, set against a backdrop woven out of real events that happened to real people. It is the story of those people with all their hopes, fears, joys, convictions, struggles, and triumphs that makes the history of our country such a delight and inspiration for children to learn.
Faith helps us to trust what God said is true, and all that He said, one day He will do!

God is Really, Really Real is designed to help teach children 30 essential biblical doctrines in a creative, yet effective way. As children interact with both the picture book and doctrines, they will become better equipped to understand and confront future doubts and challenges to their faith. Depending on the developmental age of each child, you can use all or some of these helps to communicate the individual truths:

- With younger children, it might be a good idea to begin by talking about a specific doctrine heading like, “What are some things that God created?”
- For older children, you can read, discuss, and memorize each statement and its meaning like, “God has always been alive and He has created everything!”
- Divided into three sections (an illustrated children’s book, a section on 30 doctrines, and info for parents) to help you teach the doctrinal truths of God's Word!

Each of the essential doctrines has a heading, a statement, a Scripture verse, a short explanation, and an in-depth “Help Them Understand” paragraph for parents. Each concludes with some great “Tuck-in Questions” for bedtime. Invest a few moments a day and guide your child in establishing a vital foundation of biblical truth. There is nothing more precious than helping our children grow in Christ!

The oceans may well be Earth’s final frontier. These dark and sometimes mysterious waters cover 71 percent of the surface area of the globe and have yet to be fully explored. Under the waves, a watery world of frail splendor, foreboding creatures, vast mountains, and sights beyond imagination awaits. Now this powerful resource has been developed for three educational levels!

- Grasp a deeper understanding of the ocean tides, waves, and currents
- Explore the vast world of giant squids and other sea “monsters”
- Discover the impact of weather systems and the Great Flood on Earth’s land and seas

Learning about the oceans and their hidden worlds can be exciting and rewarding — the abundance and diversity of life, the wealth of resources, the latest discoveries, and the simple mysteries that have intrigued explorers and scientists for centuries. A better understanding of our oceans ensures careful stewardship of their grandeur and beauty for future generations, and leads to a deeper respect for the delicate balance of life on that God created on planet Earth.

An easy-to-use, foundational math text written in a conversational style directly to the student!

Now that you know the core principles of arithmetic and geometry, you’re ready to move on to learning advanced skills that will allow you to explore more aspects of God’s creation. In Book 2, the focus is on the essential principles of algebra, coordinate graphing, probability, statistics, functions, and other important areas of mathematics. Here at last is a math curriculum with a biblical worldview focus that will help you:

- Understand why you’re learning what you’re learning, and ultimately why math matters
- Apply what you’re learning outside a textbook, and, above all, see God’s handiwork in math and His creation
- Firm up the foundational concepts and prepare students for upper-level math in a logical, step-by-step way.

Some mathematical terms seem so complex, but don’t worry; they’re just fancy names to describe useful tools. In Book 2 you’ll continue discovering that all of math boils down to a way of describing God’s world and is a useful means we can use to serve and worship Him.

About the Author:
Katherine Loop is a homeschool graduate from Northern Virginia. Understanding the biblical worldview in math made a tremendous difference in her life and started her on a journey of researching and sharing on the topic. For over a decade now, she’s been researching, writing, and speaking on math, along with other topics. Her previous books on math and a biblical worldview have been used by various Christian colleges, homeschool groups, and individuals.

Did you know that the blood vessels in your body together are about 60,000 miles long? That would go around the earth two and half times!

The third book in the popular elementary anatomy series *God’s Wondrous Machine*, focuses on the heart, blood, and blood vessels that make up the body’s circulatory system. Understanding the mechanics of this system in transporting nutrients, blood, chemicals, and more to cells within the body is key to understanding how it helps fight disease as well as maintain a properly balanced temperature.

- Amazing facts like the human heart beats 100,000 times a day, and one drop of blood has 5 million red blood cells in it
- A timeline of important discoveries and innovators as well as key anatomical terms and concepts
- Discussions of disease and proper care for optimal health

This full-color series delights in sharing the truth to children of how they are wonderfully made! Beyond the basics of how and why the body works as it does, it is important to share how the amazing and deliberate design of their bodies enables it to function as it should, just as God meant for it to.

Take a journey to the very beginning of time when dinosaurs roamed Eden!

Did you know that we have a written record of the history of the universe, past, present, and future, from One who sees and knows everything? The infinite Creator of the universe made sure that all the most important events of history were recorded in a special series of books that together make up one book, the Bible. Using the Bible, we can actually read about the past (enabling us to correctly understand what we observe in the present in this world), and the future!

- Learn how “the history book of the universe,” the Bible, enables us to understand all about dinosaurs.
- Discover when they lived, what they ate, why we find their bones, what happened to them, and much more!
- See the vivid detail in these beautiful, full-color illustrations by artist Bill Looney!

Fully revised and updated, this beloved classic will take you on a breathtaking trip across time to the biblical foundation of dinosaurs. This captivating adventure by Ken Ham explores the Garden of Eden, the exciting days of Noah’s Flood, and the Tower of Babel. You’ll learn the true history of the earth, and discover the very meaning and purpose of life!

About the Author:
Ken Ham is the president/CEO and founder of Answers in Genesis – US, the highly acclaimed Creation Museum, and the upcoming Ark Encounter. Ken’s emphasis is on the relevance and authority of the Book of Genesis and how compromise on Genesis has opened a dangerous door regarding how the culture and the Church view biblical authority. His Australian accent, keen sense of humor, and captivating stories have made him one of North America’s most effective Christian communicators.
Relieve the stress of homeschooling and build a strong biblical worldview!

We make it easy with our Parent Lesson Planners (PLPs), which include worksheets, quizzes, and tests, in addition to education calendars that let a parent/teacher know what questions and activities to do for each course and when they should be done. Also, each PLP has been designed with perforated pages that can be easily removed and stored in a binder.

- Choose courses based on a child’s age, category, or interest
- One-semester and one-year courses include history, science, literature, and more
- Begin your educational program with materials that include three-hole punched sheets for easy use.

We’ve done the prep work, and also built in flexible scheduling so parents can customize the courses as needed!
